VIJAYAN

SENIOR SOFTWARE DEVELOPER

vijayan.info97@gmail.com | +91 7299133872 | vijayanmoorthi.github.io | @vijayanmoorthi

PROFILE SUMMARY

Full-Stack Developer with 6+ years of experience designing, developing, and maintaining scalable, secure, and high-performance web applications using PHP, Laravel, Node.js, and MySQL. Experienced in building RESTful APIs, SaaS platforms, CMS, CRM systems, and workflow automation solutions. Strong expertise in backend development, database design and optimization, third-party API integrations, and system performance tuning. Skilled in developing end-to-end solutions, implementing business logic, and delivering reliable, maintainable, and scalable applications aligned with business requirements. Focused on writing clean, efficient code and building solutions that improve operational efficiency and user experience.

WORK EXPERIENCE

Creativeeye Software Technologies Pvt Ltd, Chennai **Dec 2025 - Present**
Senior Software Developer

- Implemented PAN and Aadhaar document verification using OCR technology and IDfy APIs, along with penny-drop verification to validate merchant bank account details and improve onboarding accuracy.
- Developed a secure vault mechanism to store sensitive merchant information, including PAN, Aadhaar, and bank account details, using custom encryption and OpenSSL encryption/decryption methods to enhance data security and support UIDAI standards.
- Developed and optimized a reconciliation engine to process and compare transaction data from three source files, identify discrepancies, and notify users for further action. Improved reconciliation accuracy and processing efficiency through workflow and performance optimization.

Rifluxyss Softwares Pvt Ltd, Chennai **Jun 2023– Nov 2025**
Senior Software Developer

- Spearheaded the development of a Canva-like SaaS design editor, enabling users to customize templates, replace images, edit text, and generate personalized designs through an intuitive interface.
- Implemented PDF and PNG export pipelines using wkhtmltopdf and Puppeteer, optimizing rendering workflows and reducing document generation time by 40%.
- Developed responsive layouts and an intuitive design customization engine, improving usability, streamlining the design workflow, and increasing user adoption by 25%.

Fido Groups of Companies, Chennai **Nov 2021 – Jun 2023**
Senior Software Developer

- Led the development and maintenance of CRM, LMS, and financial web platforms, building scalable application modules and wallet systems supporting multi-currency transactions, including fiat and cryptocurrency.

- Integrated payment gateways, SMS gateways, and MT5 Trading APIs to enable secure payment processing, real-time trading operations, and automated notifications across financial applications.
- Mentored junior developers, conducted code reviews, enforced coding best practices, and facilitated knowledge sharing to improve code quality, maintainability, and overall team productivity.

MU3 Innovative Solutions Pvt Ltd , Chennai **Sept 2019 – Nov 2021**

Junior Web Developer

- Developed and deployed dynamic websites and custom CMS solutions using PHP and Laravel, delivering scalable, maintainable, and business-focused web applications.
- Collaborated with UI/UX teams to implement responsive layouts and improve application usability, ensuring a consistent user experience across devices and enhancing client satisfaction.
- Developed and integrated RESTful APIs for client applications, improving interoperability and enabling seamless communication between internal applications and external systems.

TECHNICAL SKILLS

BackEnd
- NodeJs
- PHP
- Laravel
- MySQL
- RESTful APIs

FrontEnd
- HTML5
- CSS3,
- JavaScript
- jQuery
- AJAX

Others
- SaaS Development
- API Integration,
- Performance Optimization
- Unit Testing, Debugging
- CI/CD, Agile Collaboration

Tools
- Git/GitHub
- JIRA
- VS Code
- Claude
- ChatGPT

PERSONAL SKILLS

- Adaptability
- Decision-Making
- Agile Mindset
- Time Management
- Collaboration
- Effective Communication
- Ownership & Accountability

EDUCATION

Bachelor of Technology **Jul 2015 - Apr 2019**

SRM Valliammai Engineering College
- Degree in Information Technology.
- CGPA: 6.21
